

ACN Regional EVENT

SATURDAY 25TH Feb 2012

Melbourne

Featuring Keynote Speaker:

**Regional Vice President &
President's Club Member**

Mr Keith Janke

A former carpenter, Keith Janke was first introduced to network marketing in the 1970s, at the height of his second career as a teacher and university lecturer.

After just three months, he was making more from network marketing than he was from his teaching career – so he went full time as a network marketer and never looked back, excelling in the field at all levels – from representative to General Manager to high-level industry consultant.

Keith's first reaction when he saw ACN was "thanks, but no thanks!" But after further investigation he flew to Detroit to attend a convention and visit Head Office.

After meeting with the Founders and various representatives, Keith quickly recognised ACN as an exceptional, once-in-a-lifetime opportunity.

Now, working from a relatively remote part of Australia, Keith and his wife Colleen have built a substantial international team of ACN representatives, Keith was the first promoted to the position of Regional Vice President in the Asia Pacific.
