### Regional Director **LINECKE TOLLENAAR**

Linecke has a background in business specializing in marketing and training. She has been a guest judge for the John Heine Entrepreneurial Challenge, past President and CoFounder of North East Women's Network and Brekky

Business Club, and passionately supports many charities including Vinnies CEO Sleepout, the Heart Foundation, and Save the Children. Her business success has been featured in a book which highlights successful entrepreneurial women.

Despite her accolades, Linecke found that she was still trading her time for money. After returning from pioneering our company's launch into Mexico, a crippling car accident left her unable to work. The power of residual income has never been more evident. Despite ongoing rehab, our company gives Linecke freedom and choices, along with the ability to fulfil her passion for mentoring others and providing an opportunity for people to enjoy freedom and lifestyle choices for themselves and their families.
